How to do a word or phrase search

You must have an internet connection. To see what verses in the King James Bible that a word appears or to search for a verse by typing a phrase click on the "Dynamic Bible Word and Phrase Search" link below. When the Gospel Billboard page opens you will see the search feature at the button. Type in a word in the "Word Search" box and click the "Search" button to see your results based on your search selection choices. If you type in part of a verse, that you know, in the "Word Search" box and click the "Search" button you will see all the verses where that phrase appears based on your search selection choices. The search feature also contains the entire King James Bible.
